## Ultra-Floor

Ultra-Floor is the recommended choice for high-traffic active spaces. Ultra-floor is a rugged, easy-to-clean and water-repellent floor covering material for use in fitness and gym facilities. The dense rubber core provides excellent, high-impact durability and superior slip resistance in wet or dry conditions. The specially developed, large colour granules creates mesmerising colour effects.

Ultra-floor also combines anti-fatigue and ergonomic comfort properties with very low maintenance. Containing a 60 to 85% recycled content range and low VOC emissions, this sports flooring is widely regarded as the premiere “green” resilient flooring choice for fitness centres.

Ultra-Floor makes your rooms not only very attractive, but also safe and comfortable.
